

Kathryn Cellerini Moore

*Galactic Ping-Pong*

March 30-April 29, 2022

Two Multimedia Installations @ Chemeketa Community College Salem Campus

Monday-Thursday, 10-3, and Friday 11-4

*with support from the Sloan Digital Sky Survey and the Gretchen Schuette Endowment*

Kathryn Cellerini Moore is an interdisciplinary multimedia artist who combines their love of science with artistic expression in the form of otherworldly installations. You are invited to visit the Gretchen Schuette Art Gallery in Building 3-Room 122 and the Media Production Studio in Building 9- Room 162 at Chemeketa Community College's Salem campus. You will be immersed in a world of macro and micro universes where microscopic footage of our earthly

realm will be combined with astronomical plates from the Sloan Digital Sky Survey. Moore states *“Themes running through the show include astronomy, the blurring of microscopic and cosmic scales, and providing a slightly otherworldly experience for introspection. I hope the viewer will question the scale of the things they encounter.”*

*Galactic Ping Pong* - March 30th - April 29th, opening Reception will be held on April 6th, 12 PM - 1:30 PM at the Gretchen Schuette Art Gallery. Roundtable discussion with the artist April 20, 6:30pm. Gallery hours are Monday-Thursday, 10-3pm.
